# EVENT PARTNER

## Intermodal Solutions Group

**Intermodal Solutions Group (ISG)** supply a logistic, storage and ship loading system using patented ISG containers . In Chile over 70% of the ports and 80% of the mining companies are using the system for their copper concentrates. Grain in Argentina, urea in Bolivia, copper and iron ore in Mexico. The system is versatile and has the green tick of approval from EPA authorities around the world.

**Mined, sealed and delivered by ISG technology.**
