Agrifood

Australian food and fibre is in demand worldwide and attracts premium prices.

And we're backing our farmers, fishers and foresters in their Ag2030 goal – to generate \$A100 billion in production by 2030.

We have cutting-edge capabilities and investment opportunities in:

- agriculture biotechnology
- farm management software, sensing and IoT
- innovative food
- supply chain and food technologies
- farm robotics, mechanisation and equipment
- bioenergy and biomaterials
- novel farming systems, and
- agribusiness marketplaces
